LinkedIn: <https://www.linkedin.com/in/jstephenbritt/>

Experienced corporate & software licensing attorney with deep cyber, data privacy & artificial intelligence (AI) expertise. Holds three IAPP certifications: the AIGP (Artificial Intelligence Governance Professional), CIPP/E (Europe) and CIPM (Certified Information Privacy Manager). Passionate about data privacy, artificial intelligence, data management, SaaS, cloud, data hosting & general corporate transactions, including BOD / SH actions, founder agreements, stock option plans, capital raises, investment due diligence and M&A transactions.

Developed a data privacy assessment survey based on state data privacy laws that maps into privacy notices: <https://www.linkedin.com/feed/update/urn:li:activity:7011811421449580544/>.

Developed 6-part series of commentaries on data management based on EU AI Act, State AI Acts and State & FTC data privacy laws & regulations.

Advise US & international companies on all data protection laws, including GDPR, CCPA, Colorado Privacy Act, 20+ state data privacy laws, consumer health data laws and artificial intelligence laws, including the CO, Utah and CA AI Acts and pending CPPA regulations on cyber audits, risk assessments & automated decision-making technologies (ADMT). Also advise HIPAA covered entities on HHS, FTC and New York State tracking technology laws & regulations.

Prepare data protection and AI fundamental rights assessments, data transfer agreements, data subject access requests, privacy policies, DPIAs, ROPAs, written information security programs and state data protection assessments. Also implement employee training & investor due diligence.

Technology expertise includes software development & licensing, SaaS, Cloud, data hosting, IT services and data protection documentation, data security schedules, standard contractual clauses, data security framework compliance and the EU-US Data Privacy Framework.

Self-starter, entrepreneurial, with strong leadership, communication & marketing skills:

- Data privacy
- Artificial intelligence (AI)
- Corporate law
- Cybersecurity law
- Privacy policies & procedures
- Privacy impact assessments
- Employee training
- Software licensing
- Employment agreements
- Board & SH Actions
- Angel, seed & VC rounds
- Technology transactions
